LEADER OF FINE WINDOW COVERINGS

Quality & Service

EXCEPTIONAL APPEARANCE

Quality Service Selection Value

For 30 years, the parent company of Lifetime Shutters has provided function and fashion to homes around the world as the largest manufacturer of window coverings. We uphold this tradition with our versatile line of best-in-class custom interior shutters. This fine window furniture is manufactured with many unique features that make it the most lasting and beautiful shutter collection crafted today.

value in

EVERY DETAIL

*F*or centuries, shutters have been prized as fine window furniture and a testament to a homeowner's discerning style and sophistication. Shutters not only provide design, privacy, and light control options, they can also enhance the value of a home. Like any home investment, only shutters of exceptional quality will provide long-term value and increase appreciation.

At Lifetime Shutters we feel the best shutter, whether hardwood or composite, is the result of meticulous management of each stage in its creation. Every step: research and development, product design, raw materials sourcing, handcrafting, quality control, and even packaging are carried out with one goal. We strive to bring you best-in-class shutters with matchless quality, durability, and long-term value in your investment.

The Durability of

LIFETIME ecoWood® SHUTTERS

By integrating our finest ideas, design, and expertise, we proudly present ecoWood® Shutters. When you invest in ecoWood® Plantation Shutters, you can be confident that you are choosing shutters that will last a lifetime. While you may eventually decide to sell your home, you want your shutters to remain as beautiful as the day they were installed, enhancing your property's value in the process. ecoWood® Plantation Shutters deliver exactly that.

Crafted by skilled artisans from U-PVC co-polymer—an incredibly durable material used in automotive parts, home appliances, and even motorcycle helmets—these shutters are built to withstand the test of time.

Not only are they tough, but they also add sophistication and elegance to your windows. With wide panel options, fewer panels are needed, offering a larger, more streamlined view of the outside world. ecoWood® Plantation Shutters truly provide the best of all worlds.

ecoWood®

Tough and Elegant

SHUTTERS

Construction Features

CREATED BY MASTER CRAFTSMEN

Every **eco**wood® shutter is meticulously hand-built by master craftsmen with years of expertise, ensuring unparalleled quality and attention to detail.

DURABLE MATERIALS

Constructed from high-performance U-PVC co-polymers, our shutters are designed to endure the rigors of everyday life. They resist accidental damage, moisture, heat, and the fading effects of UV light - perfect for homes with children and pets.

SLEEK DESIGN

Enjoy a streamlined appearance with recessed magnets, eliminating the need for visible, clunky bolt-on options.

RUST-RESISTANT FASTENERS

All components use stainless steel fasteners, ensuring resistance to rust and corrosion for long-lasting performance.

BEAUTIFUL FINISHES

Choose from a stunning array of colours designed to complement any window and enhance every room in your home.

WARRANTY

With a limited lifetime warranty as standard, you can trust in the quality and longevity of your **eco**wood® shutters.

Evolved Customization

Experience the best of all worlds with our Custom **ecowood**® Plantation Shutters. Featuring panels measuring up to 850mm wide, you'll enjoy expansive views and a sleek, streamlined profile that beautifully enhances your living space. The design allows for fewer panels, maximizing natural light and creating a more open atmosphere in your home.

Choose from a palette of 5 elegant white finishes, each meticulously crafted to perfectly complement your room's decor and your personal style. Designed to last a lifetime—and likely even longer—our shutters are built with durability and functionality in mind. They are not just a window treatment; they are a cherished investment that can be passed down to future generations, maintaining their beauty and charm for years to come.

Personalization

CHOICE OF COLOURS

Available in 5 of our most popular white shades, perfect for enhancing any room's aesthetic.

Plantation Shutters - Evolved

eco^{PLUS}**wood** offers a perfect blend of style, durability, and functionality, making it an exceptional choice for any home.

Here are its standout attributes:

Wide Panels: Up to 850mm wide for improved visibility and a modern look.

100% Waterproof: Exceptional durability in any environment.

Industry-Leading Colour Fastness: Retains its beautiful colour over time, resisting fading and yellowing.

Moisture Resistant: Will not warp, crack, scratch, or break under normal conditions.

Modern and Simplistic Design: Easy to clean and maintain.

Built Tough: Enhanced resistance to denting and UV damage.

Limited Lifetime Warranty: Peace of mind with every purchase.

With these features, **eco**^{PLUS}**wood** combines elegance and strength, ensuring your shutters will enhance your home for years to come.

Best-in-Class

Premium biowood® Shutters

HARDWOOD FOR MDF PRICE!

BEST OF BOTH WORLDS

biowood® takes the best parts of our ecowood® and biowood^{PLUS}® shutters and births a stunning premium shutter at a fantastically affordable price.

SMART BUDGET

The ecowood® PVC composite frame, paired with premium biowood^{PLUS}® panels, combines style, protection, and versatility without straining your budget.

PREMIUM AFFORDABLE DESIGN

biowood® features wider panels that enhance the aesthetic of any room. These shutters are not only visually striking but also highly customisable, allowing you to choose from a range of premium machine-painted colours and hardware selections to create the perfect look for your home.

biowood® offers an elegant and functional solution for any window size or shape, elevating your space without compromising on quality - all at an affordable price.

biowood®

Beauty Beyond The Surface

WOOD

biowood[®] is crafted from premium Paulownia hardwood, known for its lightweight durability and eco-friendliness. This hardwood offers excellent insulation, soundproofing, and natural resistance to moisture and pests, making it ideal for long-lasting shutters that maintain their beauty over time.

BASSWOOD STILES

Reinforced engineered stiles, with multiple layers of bonded wood, enhance stability from the core, ensuring a robust and durable shutter panel.

LOUVRES

The hardwood louvres resist cupping and warping, providing a tight closure, substantial feel, and smooth operation for precise control of light and privacy.

LOUVER SIZES

biowood[®] offers a selection of louver sizes in 64mm, 76mm, 89mm, and 114mm, providing varying aspects of view, light, and privacy to suit your individual preferences.

Built for a Lifetime

FRAMES

A wide range of innovative frame designs, including options with inserts for a clean and decorative look.

STILE OPTIONS

Choose from multiple stile options to accommodate different window designs and functions, including butt, D-mould, and rebate stiles.

TILT ROD CONNECTION

Marine-grade stainless steel staples that are longer than the industry average, installed with friction-actuated glue to create a failure-proof tilt rod attachment system for reliable operation.

ALL-ENCOMPASSING DESIGNS

A range of versatile designs that include operable louvres and unique frames, ensuring that every window can be accommodated, along with easy access for cleaning.

The Character of **PLUS[®] biowood** SHUTTERS

While high-quality timber for shutters may come at a premium, **PLUS[®] biowood** shutters offer all the benefits without the hefty price tag.

Hand-crafted in our workshops, **PLUS[®] biowood** Plantation Shutters can be customised in your choice of style, colour, and frame design. Each shutter undergoes rigorous quality checks throughout the manufacturing process, ensuring that you receive a product of the highest standard.

You have the freedom to design your **PLUS[®] biowood** Plantation Shutters by mixing and matching frame designs and panel colours, resulting in a unique look tailored to your preferences.

The decorating possibilities are virtually endless, with **PLUS[®] biowood** available in 20 paint colours and a variety of louver sizes.

One of the standout features is the ability to hinge three panels together, creating a shutter solution ideal for large windows and expanses. The lightweight hardwood panels help prevent bowing and warping, ensuring long-lasting performance and beauty.

Made to Order Shutter Styles

WITH ENDLESS DESIGN POSSIBILITIES

biowood PLUS® Shutters come with various tilt rod options that allow for simultaneous operation of all louvres. Choose from offset tilt rods positioned on the left or right, central tilt rods in the middle of the panels, hidden tilt rods for enhanced stability, or concealed tilt rods integrated into the stile for a sleek, unobtrusive appearance. These customizable options ensure that you can achieve both functionality and aesthetic appeal in your shutters.

Personalization

CHOICE OF COLOURS

Choose from 20 paint colours to select the perfect match for your home décor.

CHOICE OF FRAME OPTIONS

A variety of frame designs are available to complement your style, including our patented deco frame that adds decorative moulding to plain windows while concealing installation fasteners.

HINGE COLORS

Enhance your shutters with hinge colours that coordinate seamlessly with your chosen finishes.

BRUSHED COLORS

Enjoy a selection of an additional 10 brushed and painted colours for elegance and a rustic look.

LOUVERS SELECTION

63mm, 76mm, 89mm, 114mm.

TILT ROD OPTIONS

Select from hidden, concealed, central, and offset tilt rods for a clear view and streamlined appearance, ensuring functionality and style.

FRENCH DOOR CUT-OUTS

Customize your French doors to accommodate various doorknob styles, adding versatility to your design.

THE PANELS ARE
MANUFACTURED FROM
PREMIUM HARDWOODS,
THE WOOD OF PAULOWNIA
TREE.

Construction Features

MASTER CRAFTSMANSHIP

Every shutter is built using centuries-old traditional skills, combined with cutting-edge developments in timber and joinery.

HAND-SELECTED PREMIUM HARDWOODS

Quarter-sawn timbers provide a fine, straight grain for outstanding long-term performance, ensuring a uniform appearance with smooth paint finishes.

MORTISE AND TENON JOINTS

The strongest joints used in any form of joinery.

RECESSED MAGNETS

Designed for a clean look, there are no bulky bolt-on magnets to be seen.

STAINLESS STEEL FASTENERS

Resist corrosion, ensuring long-lasting performance.

HEIRLOOM FURNITURE QUALITY FINISH

Each shutter is hand-sanded and painted five times, resulting in a high lustre and translucent finish.

PRESCRIPTION WOOD CONDITIONING

This process, tailored to the UK weather, ensures the long-term integrity of every shutter.

Wooden Plantation Shutters

Every aspect of your **biowood** ^{PLUS}® Plantation Shutters can be customized to suit your personal preferences. From movement and colour to shape, hardware, and finish, the choices are all yours.

CONCEALED TILT

An internal mechanism that allows the entire panel of louvres to tilt without a visible rod, providing tighter closure, a wider view, and a streamlined appearance.

CUSTOM COLOR MATCH

Enhance your interior by perfectly matching your shutters to your room and window colours with our custom colour matching service.

SPECIAL SHAPES

Custom shapes such as circles, arches, angles, and French doors are available to fit unique window designs.

Made from Paulownia hardwood, these shutters benefit from the tree's natural lightness and durability, offering strength without adding weight. Paulownia is also highly eco-friendly, growing to full height in just eight years and requiring minimal resources, making it an excellent sustainable choice for your home.

The Luxury of

LIFETIME basswood® & basswood PLUS® SHUTTERS

You deserve the luxury of basswood® & basswood PLUS®

There is nothing quite like the timeless beauty of natural wood in your home. Our basswood® & basswood PLUS® Wooden Shutters, crafted from premium basswood, can be stained and polished like a piece of fine antique furniture. Offered in a range of colours, they are designed to complement any décor and can be custom-built to fit any window configuration.

With a wide choice of frame styles, our shutters offer endless design possibilities.

Every basswood® & basswood PLUS® shutter undergoes 25 quality control checks at every stage of the manufacturing process. This ensures that, when installed, your shutters fit perfectly and give your windows a look that is uniquely yours.

Not only do basswood® & basswood PLUS® Wooden Shutters enhance the quality of your life and environment in which you live, you can be sure that they will continue to do so. They are built to last a lifetime. LIFETIME SHUTTERS - BEST MONEY CAN BUY!

basswood[®]

basswood^{PLUS}[®]

basswood ^{PLUS}® Wooden Plantation Shutters are expertly crafted from the finest **Anyhoo** basswood, known for its strength and rich grain. Each shutter is hand-finished to showcase the wood's natural beauty and character, ensuring a luxurious look.

Tailored for those who appreciate quality, our shutters provide a sophisticated touch to your home.

Beyond aesthetics, **basswood** ^{PLUS}® Shutters are designed for practicality and performance. They fit various window shapes and configurations, offering flexibility for any space. Built to enhance energy efficiency and maintain comfort, these shutters represent a smart investment that enriches your living environment.

The Strength of

LIFETIME EARTH® SHUTTERS

The STRONGEST Option of SHUTTER Material

EARTH® are available in 5 stylish paint colours and a wide range of louvre sizes, making them an excellent choice for outdoor use, as they resist rain and sunlight effectively. Beyond their unique design, these shutters are engineered to reduce heat loss, minimising heating costs while enhancing the indoor climate even during the summer months. They offer robust protection against potential burglary, providing peace of mind alongside aesthetic appeal.

Manufactured entirely from aluminium, EARTH® Shutters can be fitted to nearly any window or door, with fully adjustable louvres to optimise light and airflow. Each unit is tailored for a precise fit, ensuring perfect functionality. Built to withstand extreme weather conditions—from intense sunlight and heavy snow to sea spray and strong storms—these shutters deliver durability and versatility. Enjoy the ability to control privacy, natural airflow, and shade while still taking in the view outside.

Earth®

Aluminium Security

SHUTTERS

Construction Features

ELEGANCE MEETS SECURITY

Safety comes first, it's true, but there is no reason it can't be elegant and sturdy as well.

MANUFACTURED FROM ALUMINIUM

Crafted from powder-coated, architectural-grade, high-quality aluminium.

MECHANISM

Supplied with hinges, brackets, and a divider rail.
Tracks for smooth operation.

LIGHT CONTROL

Light control is dependent on the tilt of the louvres, allowing for customized brightness when opening or closing.

PRIVACY CONTROL

Achieve 85% to 100% privacy depending on the angle of the louvres, ensuring your indoor space remains comfortable and secure.

RESILIENCE

With their iron-fisted nature, **EARTH**® Shutters are the best choice for those who prioritise security and peace of mind.

Aluminium Security Plantation Shutters

Just like all our products, **EARTH** Shutters are fully customizable to fit your unique style and security needs.

Wide Panel Capability:
Up to 1500mm, providing fewer panels for a broader view.

Enhanced Security:
The best choice for those who are security-conscious, offering reliable sturdiness against intruders.

Aesthetically Pleasing:
A stylish window treatment that does not compromise on security.

Locking Systems:
Available options include a central locking system, top and bottom locks, and louver locks.
